CROYDON TOWN HALL HISTORY 1774 - 1995

The Meeting House, was just what the name implies - a place for everyone in town to meet, whether for religious or social gatherings.

1774 - The first Meeting House was built on the Pinnacle. (A small mountain in the geographical center of Croydon.) Cooper's history.

1794 - A second Meeting House was built on the same location but never quite completed. It was torn down in 1828... and...

1828 - The lumber was used to construct the town-house at East Village (present town hall.) In the early records, painting and repairs to the hall were usually "passed over" or refused at town meetings because the hall was not built on town property.

1926 - The hall was on private property (98 years) until Henry R. Stone, Administrator for the estate of Alma H. Stone, gave the land to the town in 1926.

1929 - The town raised \$500 for painting and repairs. Committee for same was George T. Blanchard, Charles S. Walker and Cyrus W. Thompson. The repairs were made in 1931 and 1932 (see Town Reports.)

1936 - First Addition to the Hall - \$800 was raised for improvements, to connect an addition to the rear of the hall, not less than 16 by 40 feet.

1939 - Electricity installed replacing kerosene lamps.

1940 - Second and Third Additions - Selectmen's office on the right and Library on the left. They raised money on serial notes of the town; \$500 the first year, \$500 the next, and the remainder the third year.

1950 - Hard-wood floor. Raised \$100 and the remaining to be paid from surplus.

1956 - New roof, raised \$600 - Paint inside, raised \$425.

1961 - Gift of land in back of the town hall by Dr. Ivor Muzzey.

1964 - Water in the hall, raised \$500.

1965 - Oil heat furnace installed to replace wood... used funds from the sale of the Harkema Lot; \$1,255.

1972 - Fourth Addition - Raised \$3,715 for toilets to be installed where the Selectmen hold office. A new Selectmen's office and a storage room to be added to the rear of the hall. The Town Report of 1973 reads, "the money is in the bank". The septic system and building started in 1974.

1985 - Town Report, Page 37. "After six months of meetings and two public hearings, the Committee recommends that a new building be constructed to house all municipal offices."

1987 - The Town Clerk's office is moved from a private home into the Selectmen's office in March of 1987. (All using the same office and equipment.)

1990 - The Selectmen/s Town Clerk/Tax Collector using one small office was not practical. At a cost of approximately \$4,369, the storage room was remodeled and this enlarged the Selectmen/Town Clerk/Tax Collector's office which is still inadequate. Town Report, P. 31.

1991 - There Is No Longer Any Storage Area - Croydon is growing: Census of 1990 was 627. Census of 1970 was 312.

1992 - The overhead beams are disintegrating and the hall does not meet

national requirements for a public building.

1992 - Mar 10, Annual Meeting. Repair structural integrity of Town Hall; voted to raise and appropriate the sum of \$20,000.

1993 - Article 5...to raise and appropriate \$99,500 to renovate Hall...(see 1992 report)...money would be raised by bonding. Ballot vote, not passed. Committee formed to research and bring plan to Selectmen on ways to upgrade municipal facilities.

1994 - Mar 8, Annual Meeting: Articles 12 through 17, alternative plans and costs to renovate, demolish or construct a new Town Hall. All defeated. Special Town Meeting on Sept. 13, 1994 authorized the Selectmen to sell Town owned properties taken by Tax Collector's Deed.

1995 - Mar 14, Annual Meeting. Article 10. ...authorize the Selectmen to spend up to \$100,000 of monies received from sale of Town properties (from Cronin and Quinn property) to renovate Town Hall and make it handicap accessible. Passed. May/June-Selectmen sought bids for renovation work, awarded contract to Hames Shop Joinery of Andover, NH. Amount spent \$100,818.70. Building now year round use, with handicap entrance, bathroom and kitchen up-grade, added storage.

A SPECIAL THANK YOU ...

from the Town to William "Bill" Greeley for donating a flag in the past, and

most recently the flag that now flies from the Town Hall pole. This flag's history is that it was flown over the Capitol in Washington, D.C. at the time of Croydon's bicentennial celebration. The late James Cleveland, Congressman, did this for "Bill" in 1966. "Bill" has had the flag until a few weeks ago, (January) and raised it himself on the pole where he says it should be.

1774 - 1992 Info compiled by Rita Gross, with update to 1995 by Jane Dearden

Roof and sill rot was fairly extensive.

Handicap ramp and entrance added.

And all the bat guano removed.

Insulation added throughout entire building.

All the plaster and lath removed, beams brought back into position, rot removed and reinforcement added.

Town Clerk office gets sill replacement, new porch and steps.

Heating system zoned.

CROYDON VOLUNTEER FIRE DEPARTMENT, INC.

Looking back at 1995 the firefighters and towns people of Croydon should be pleased with the fire record of our Town.

We had no major fires; the usual brush-grass-fires and a few chimney fires. We did inspect double the number of chimneys this year so it must have helped.

Fire department personnel assisted in removing injured persons from the woods on two separate occasions this year.

Through a highway safety, matching funds grant, we were able to purchase a set of extrication tools (Jaws of Life) with a number of our firefighters already certified in their use, and training continuing.

Because fire fighters do come in close contact with accident victims, most all Fire Department members have taken the Hepatitis-B shots for their protection.

Once again, we hosted the children from Little Red and again we were surprised at how much they remember on fire prevention. They probably won't forget the fire in (Dad's Old Chair) and how they put it out with a booster line.

We, at Croydon Fire Department are all looking forward to 1996 and our twenty year celebration. We hope to have a pancake breakfast, open house, fireworks, parade, and a fire department mini muster to finish it off. Hope to see you all there!

RESPECTFULLY,

Harry Newcomb, Fire Chief

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

In calendar year 1995, our three (3) leading causes of fires were Children, Non-permit fires not properly extinguished and Smoking Materials.

Violations of RSA 224:27 II, the fire permit law and the other burning laws of the State of New Hampshire, are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

To aid your Forest Fire Warden, Fire Department and State Forest Fire Officials, contact your local Warden or Fire Department to find out if a permit is required. This also helps to prevent unnecessary response to a controlled burn.

1995 Fire Statistics

<u>Forest Ranger Reported Fires</u>		<u>Fires Reported by County</u>	
Number of Fires for Cost			
Share Payment	465	Belknap	11
		Carroll	50
Acres Burned	437	Cheshire	39
		Coos	17
Suppression Cost	\$147,000+	Grafton	26
		Hillsborough	71
		Merrimack	49
<u>Lookout Tower Reported Fires</u>	555	Rockingham	106
		Stafford	78
Visitors to Towers	26,165	Sullivan	18

Local communities and the State share the cost of suppression on a 50/50 basis. The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid the quick response from the local fire department.

"REMEMBER, ONLY YOU CAN PREVENT FORESTS FIRES!"

Harry Newcomb - Forest Fire Warden

TOWN OF CROYDON PLANNING BOARD REPORT

During 1995 the Planning Board reviewed and approved three subdivisions resulting in an increase of six new lots, and couple of annexations of properties. These were not of major proportions, thus not making a significant impact on the Town.

The Board, in conjunction with the Upper Valley Lake Sunapee Council, is still in the process of updating and compiling the master Plan for Croydon. Notably the questionnaire/survey of the citizens was completed and this information was entered into the process.

The Board extends its gratitude to Gerald "Bud" Gross, who sought not to be reappointed this past year, for his many years of dedication and service as a Planning Board member and alternate. His wisdom, input and humor will be missed, especially by the members who served alongside him. In March he presented to the Board for safekeeping, his compilation of minutes and important information relevant to planning that he gathered through the years. Thank you, Bud.

Respectfully submitted,
Michael Hughlock, Chair
Willis Ballou, Acting Clerk

REPORT OF THE ROAD AGENT

Well another year has passed and I'm still battling the elements.

Last year you saw improvements in one area or another of the twenty five (25) or so miles of roads I maintain.

This year I'm not taking on any new major road projects because of maintenance that needs to be done to already paved sections of town, such as crack filling, chip sealing, and shoulders.

It would be nice if once they were done, they required no attention for twenty years.

Not so, especially after a winter like we had this year!

Fortunately we're not alone as every town and the state has to deal with the same problems.

So don't be surprised if sometime, some place, you come upon a sign that reads: SLOW, road work ahead - be prepared to STOP.

Donald Lussier

Road Agent

REPORT OF NEWPORT AMBULANCE SERVICE

Calendar 1995

In calendar 1995, Newport Ambulance responded to 874 calls for service. This reflects a little less than 4% increase over the 844 calls handled in the previous year. There were 27 responses to the Town of Croydon, compared to 18 calls for service in 1994.

There were no significant changes within the department last year. We continue to run with a minimum of two EMT's on every call. Every crew is trained in cardiac defibrillation and on most calls some level of advanced life support is also available.

We currently operate with a staff of 15 volunteers and a full time paramedic/director. Two EMT classes in the area as of this writing will hopefully provide even more qualified personnel in the Newport - Croydon area

Our annual Health & Safety Fair will be held on the Newport Common on Saturday, June 22, 1996. The members of the Newport Ambulance Attendant's Association cordially invite you to attend. There's plenty of fun to be had, food to eat, and of course lots of free information on health and safety.

The Ambulance department wishes to thank the Town of Croydon for their continuing support.

Brian W. Tracey, Director

Thank you for your continued support of VNA services. In 1995, we provided more than 300 visits in Croydon, 7 days a week/24 hours a day.

All of the appropriated funds from the town of Croydon have been used to provide home care visits, hospice volunteer training and supervision, and well child clinic visits to people who had no insurance or inadequate insurance or funds. Other visits were subsidized by donations or paid by commercial insurance or from state and federal grant funds.

We depend heavily on the selfless support of volunteers and employees who contribute hours to the success of our programs. For them and our Trustees, we are grateful. Three VNA employees live in Croydon.

SOUTHWESTERN COMMUNITY SERVICES, INC.

Dear Mr. Harding;

We at Southwestern Community Services, Inc. wish to once again thank you for last year's appropriation for our agency.

As we indicated at that time, we are at a point where we are having to ask communities we work with to consider a small appropriation to assist with our outreach effort. Although other CAP agencies in New Hampshire have always received town support, we have resisted knowing how tight budgets are.

For your reference, I am enclosing a breakdown of the service we have delivered during the past year in your town. We would like to respectfully request that we be placed on your town warrant to see if the voters will appropriate an amount equal to that which they appropriated last year. In the case of your town the amount was \$500.00.

In closing, I would like to offer to meet with the board of selectmen or budget committee, or any group you suggest in an effort to further detail the significance of our request. I look forward to hearing from you in the near future.

Sincerely,
David W. Osgood, Deputy Director

SULLIVAN COUNTY HOSPICE, INC.

Dear Selectman:

We at Sullivan County Hospice are requesting \$250 from the Town of Croydon.

Sullivan County Hospice has been existence since 1984. We are a volunteer agency, governed by a board of directors. The board of directors is comprised of 10 members all of whom reside in Sullivan County.

Our goal and purpose is to provide practical and emotional support to terminally ill patients and their families within Sullivan County. The majority of our patients are home hospice patients. They have decided to remain at home under the care of their families and we provide most of our services in that setting. However, we are flexible enough to follow and serve patients and families in the hospital or nursing home setting as well. Our volunteers are fully trained in areas such as death and dying, active listening, universal precautions, and grief. A few of the ways our volunteers might provide practical support include respite for caregivers, running errands, light meal preparation. These volunteers provide emotional support to both the patient and the family by being available to them, by listening, reassuring and encouraging.

Our referrals come from doctors, nurses, visiting nurse associations, discharge planners, and from family members or patients themselves. Our only requirements for service are that the patient be terminally ill and that they reside in Sullivan County. We accept all referrals on that basis and there is never a charge for our service.

In addition to providing volunteer services Sullivan County Hospice offers a bereavement support group and a cancer support group. Each of these groups are open to anyone. We maintain a loan closet with hospital beds, walkers, commodes, and other equipment that is useful in the home setting. These are loaned at no charge and in some cases this service helps considerably to keep out of pocket expenses lower for the patient. All of these services are available to other residents of Sullivan County.

We thank you in advance for your consideration. We hope that you will continue to support our work with your financial contribution, as we continue in our efforts to support the terminally ill and their families in Sullivan County.

Sincerely yours,

Annie Alcorn

Director, Sullivan County Hospice

AUDITORS FINDINGS AND RECOMMENDATIONS

Mason & Rich Professional Association

In planning and performing our audit of the financial statements of the Town of Croydon, New Hampshire for the year ended December 31, 1994 we consider the Town's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit we became aware of several matters that are opportunities for strengthening internal controls and operating efficiency. The memorandum that accompanies this letter summarizes our comments and suggestions regarding those matters.

The comments and the status of the Board of Selectmen's implementation of these recommendations follows:

Findings - The Town's Zoning Board still has custody of its own checking account.

Status - The Town still needs to transfer the Zoning Board account to the custody of the Treasurer.

Action Taken - The Treasurer will assume the Zoning Board checking account.

Finding- Tax Collector deposits are still not being made when receipts total \$500 or more for the day.

Status - We recommended that deposits be made daily when receipts total \$500 or more for the day. This has not changed due to the physical location of the bank.

Action taken - We will make all attempts to fulfill this requirement.

Findings - The Tax collector is not redeeming tax liens within 30 days of redemption. There was sometimes up to a four month delay in processing them in 1994.

Recommendation - Per RSA 80:75I, "the Tax Collector shall, within 30 days after subsequent payment, notify the Registry of Deeds of the payment in order for the lien to be released."

Action Taken - Due to having on-line computer system we are now in compliance with RSA 80:75I

The complete audit report was not available at time of this printing.

CROYDON EAST VILLAGE SCHOOL HISTORY 1770 - 1995

Village School as it stood in its early history.

1770 – The town voted to establish a public school and raised eighteen dollars to pay an instructor.

1772 – Eight pounds was raised for education, and it was voted to build a school.

1779 – \$150 in Continental currency was raised, and in the following year the town voted to hire a male instructor during the winter and a female during the rest of the year. During this time (as at many other times) people did not always agree on the legality or justice of raising money for the education of youth. A small majority opposed the idea of taxation to support education. They contended that it was "unjust, tyrannical, and oppressive" to pay money for the support of other people's children.

1880 – There was only one school district in Croydon, but as the population grew new districts were formed. The last division took place in 1834, when the town was divided into ten districts. The following is a list of the districts and the approximate dates when those schools were in operation:

Four Corners	Dist.	#1	1772-1904
East Village	Dist.	#2	1780-
Croydon Flat	Dist.	#3	1781-1957
Ryder Corner	Dist.	#4	1810-1938
Brighton	Dist.	#5	1781-1895
Under the Mountain	Dist.	#6	1790-1890
With North Newport	Dist.	#7	1785-1867
Glidden School	Dist.	#8	1781-1850
With Guild School	Dist.	#9	1800-1860
With Springfield	Dist.	#10	1790-1870

1810 – John Cooper left the only account we have of what it was actually like to attend a Croydon school of 1810. This was written in 1869. "In the summer of 1810 I commenced attending a public school. I was then in my fifth year. My teacher was Mrs. Rebecca Powers, an estimable lady still living. The school was kept in the 'Glidden School House,' a little brown building standing near where three ways met... My studies while attending that school, were reading, spelling, writing, and arithmetic, besides committing to memory 'the sounds of the letters', and much other matter found in Webster's old 'American Spelling Book.' Spelling received special attention. The class, to which I belonged, consisted of ten or twelve pupils. Some of these were the veriest loggerheads; while others seemed to learn by intuition."

1821 – "When I was in my sixteenth year, I commenced attending school at the Village."

1825 – "I left the school for the purpose of instructing in a private family. I returned no more: and if I ever graduated from the common school, then was the time. I took place in 1825 when I was in my twentieth year. The teacher gave me a Recommend, and obligingly went with Amasa Dunbar and myself to the Rev. Jacob Haven where I obtained the requisite certificate for teaching school."

1834 – Town warrant article: to raise money to build a school house in that part of town commonly called school District No. 2, to be located on or near the spot where the old schoolhouse now stands, a few rods northerly of the townhouse. However, it was voted to pass over the article. Historical records

do not further clarify whether an East Village school was ever built to replace the original structure. What is believed by local historians is that the first school was refurbished several times since the late 1700's to its present day appearance.

1893 – Rules and regulations for the management and discipline of the Public Schools of Croydon.

Rule 1st - There shall be no whispering in the public schools of this town except by the permission of the teacher.

Rule 2nd - No language shall be used to other scholars to stir up disorder and insubordination or to heap odium and disgrace upon the teacher.

Rule 3rd – No pupil shall be allowed to deface or in anyway injure the school-room, school-book or any apparatus of instruction.

Rule 4th - No writing, pictures or images shall be allowed to be placed in or around the school house, such as shall have a tendency to suggest evil through and corrupt the morals of the pupils. Sullivan Barton, William Ryder - School Board of Croydon.

1894 – Town Report - two boys in District #2 were expelled. Upon the action of the Board, several families withdrew their children from school.

1904 – Voted to raise \$25 to purchase new seats for School house...(Village)

1925 – Most obvious change in exterior of Village school made this year with the addition of the bell, given by Mr. Edwin R. Osgood of Claremont, in memory of his mother, Eliza (Smart) Osgood, born in Croydon July 16, 1831. She had attended this school.

1926 – Voted to accept the proposal of Mr. Stone on land for the school. (Until this gift, the Town of Croydon did not own the land on which the Town Hall or Village School stood, nor did the church own the land on which it stood.

1934 – Village school has been resingled and electric lights have been installed in the school at Croydon Flat.

1935 – marked improvements...made in the Village School. ...the building is now properly lighted a new chimney...the interior and exterior have been thoroughly repainted (three additional windows in the front were added at this time)

For seven years we were given an exemption from compliance.

1996 – Of it's 216 year history, East Village School has held up to as many as 80 pupils in one school year. Today it remains one of just three "one-room schoolhouses" in NH, and certainly of the very few still remaining in the U.S.

In spite of discussions to close the school here over the years, or build a new one to continue education in our own community, it becomes increasingly more difficult as the years pass to meet mandates and expenses, set by state minimum standards for elementary schools. A long history, and one not soon to be ended.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Croydon:

It is with pleasure and sadness that I submit my last report to you as Superintendent of Schools. I have truly enjoyed working with your teacher Mrs. Judy Hatch and aide Mr. John Vaughan. Both Judy and John are providing exciting learning experiences for the students at the Village School. I have enjoyed my visits with the children, especially the times I was included in their reading groups.

Again this year the students at Croydon did well on the third grade assessment test. At present Judy and I are working on a School Improvement Plan for the district that will be presented to the school board in May. In May the plan will be submitted to the State Board of Education for approval.

For the last two years I have been working with your Board of Education to bring the Village School into compliance with the Minimum Standards for Public School Approval. Last school year Art, Music and physical Education were added to the curriculum. These programs are now fully implemented at the school. Thank you for your support of these services. In September of 1996 the Village School, in order to continue to be certified as an approved school receiving federal grants, and other forms of aid, the state is requiring that a guidance counselor be added to the curriculum.

Since this is my last report as your Superintendent of schools, I'd like this opportunity to thank all of you for your support and encouragement during the last three years. I'd like to thank Jane Dearden for all the nights she has spent taking minutes at board and budget meetings. I shall miss working with Judy, John and the school board members.

Respectively submitted,
Elizabeth A. Durocher
Superintendent of Schools

REPORT OF THE SPECIAL EDUCATION DIRECTOR

To the Citizens of Croydon:

It has been a pleasure for me to work with the Croydon special education students since I joined the SAU staff last April.

I am responsible for all their programs and work regularly with Newport staff and your teacher, Judy Hatch, to assure their needs are being met. I follow the progress of your students very closely as they leave Croydon and attend the Newport Schools. Of the thirteen coded students, one is placed out of district and all the other are included and are doing well in mainstream classrooms.

Your preschool special education students are well served by our preschool coordinator, Betsy Gibbs. Betsy is responsible for identification and service coordination for children ages three to six. Eligible children are provided services at local child care programs.

I would like to thank the wonderful parents who allow us to work together with them as we provide necessary services to their children.

Respectfully Submitted,
Frances A. Irvine
Director Special Education
